

American Indian Seminars For Reading & Math

Two Special One Day Workshops

Reading Strategies – Math Intervention - Preparing for Algebra

Presented by

The Alliance for Education and Community Development, Inc.

(An American Indian 501 (c)(3) non-profit Corporation)

During this Seminar you will learn proactive STRATEGIES THAT WORK

Reading Strategies and Activities That Work (grades 3-8)

- Learn ten specially designed Reading activities
- Help students perform at higher levels
- Prepare individual lessons and activities for low achievers
- How to motivate learning through reading
- How to choose books for individual students
- Organize tutoring curriculum for effective results
- How to assess student progress

Math Intervention Strategies (grades 4-8)

- Increase the tools in your tutoring/teaching tool box in this Two Day Workshop designed to provide you with more strategies to support the math students you work with. We will be looking at fractions, decimals, and geometry that support's Algebra. Receive strategies, practice, games and activities to help students better understand and enjoy fraction operations, integers, and key decimal skills. You will be challenged and supported as you practice and implement activities and games to increase math confidence and skills. Your toolbox will be filled with fun activities and strategies to reinforce learning in grades 4 through Algebra 1.
